

Disaster Support Team Member

Purpose of the Role

The Disaster Support team works alongside Anglicare to assist our community before, during and after emergencies, providing practical assistance and compassionate care.

Character and Competence Expectations

The team member will be someone who shares God's concern for human suffering and respond with compassion by being willing to serve those in need.

The role in practice

He/she will be willing to work within a team, under the guidance of the team leader. If a volunteer has specific skills (eg administration) these may be utilised, depending on what is needed.

Youth (aged 15+) are welcome to do some tasks with parental permission.

To attend evacuation and recovery centres, Disaster Support team members will be required to register as an Anglicare Disaster Recovery Volunteer. Anglicare DR will provide relevant training.

Training

There will be some training within team meetings, but mostly on the job.
